## WORK EXPERIENCE

### Product Designer

Illumin | Aug 2022 - Present

- Empowered users to create, run, and manage Facebook & Instagram ads within the platform by leading the design process from concept to implementation of the Facebook & Instagram Integration project. This feature generated 2 million dollars in revenue in less than a year.
- Delivered the First-party Data Audience Onboarding project, enabling users to self-serve upload and utilize First-party data. Over 5 million data entries were uploaded within just 3 months of its launch.
- Facilitated users in targeting audiences based on location through shipping Location Audience and Geographic Point of Interest Targeting projects.
- Developed a robust design component library in Figma comprising over 25 components and encompassing about 400 variants.
- Conducted many design audits for over 30 pages of the platform to identify UX UI inconsistencies and standardize them to enhance user experience.
- Collaborated closely with the Engineering team and Product Managers to generate innovative solutions that harmonized user experience with technical feasibility, ensuring optimal product outcomes.

### Growth Executive

MoMo (E-Wallet) | May 2021 - Nov 2021

- Planned and executed promotional campaigns for MoMo's financial mini-app, which had over 1 million monthly active users.
- Analyzed user behaviors and segmented 30 million users into target groups for in-app displays such as banners, pop-ups, and notifications.

### Assistant Marketing Manager

Urgo Medical | May 2019 - May 2021

- Planned and executed brand marketing and digital marketing campaigns.
- Designed print materials (brochures, leaflets, standees) and digital marketing content (social media posts, animations).

## QUALIFICATIONS

### UX UI Design

- Proficiency in building user flows, conducting competitive analysis, user research, establishing information architecture, designing wireframes, and developing interactive prototypes.
- Visual design experience with proficiency in typography, desktop/mobile UI, color, layout, iconography

### Collaboration & Strategic Problem-Solving

- Effective collaboration and communication with cross-functional teams to make decisions aligned with user needs and business objectives.
- Strategic thinking about the product's direction involves balancing long-term vision with immediate needs to implement appropriate solutions.

### Software & Tools

- Mastery of Design tools: Figma, Illustrator, Photoshop, After Effects, XD.
- Experience with Agile project management software: Jira, Linear, Productboard, Confluence.
