WORKING EXPERIENCE

UX Designer

Criteo | Nov 2025 - Apr 2026

- Designed Product selection page, Audience targeting, Retailer-Direct line items and balances for a B2B SaaS platform used by leading retailers.
- Built a UX dashboard to track key UX metrics, identify issues, and support data-driven decisions.
- Conducted user interviews to gather insights and iteratively improve the campaign creation experience.

Product Designer

illumin | Aug 2022 - Oct 2025

- Designed and delivered 40+ end-to-end product features in a B2B SaaS company, ensuring alignment with roadmap and user needs.
- Launched Facebook & Instagram Ads Integration, enabling in-platform ad creation and contributing \$2M in revenue within a year.
- Shipped AI-powered insights features that enabled users to select the most relevant audiences, improving overall campaign performance.
- Delivered First-party Data Audience Onboarding, allowing users to self-serve upload and manage 15M+ data entries per month by the end of the first year.
- Built a deal marketplace with public deals, allowing users to quickly discover and activate curated programmatic ad inventory.
- Shipped third-party measurement features (Post-bid, Footfall), empowering users to assess campaign performance effectively.
- Built and maintained a Figma library (25+ components, 400+ variants).

Marketing Roles

MoMo (E-Wallet) | May 2021 - Nov 2021

- Planned and executed promotional campaigns for a financial app (1M+ MAUs); analyzed user behavior and segmented 30M users for in-app ads.

Urgo Medical | May 2019 - May 2021

- Led brand and digital campaigns; designed print and marketing assets.

SKILLS

Product vision & Strategic thinking

- Partnered with PMs and leadership to define scalable, AI-enabled product strategies aligned with user and business goals. Balanced user needs, technical limits, and impact to drive clear product direction.

User-Centered Design

- Created competitive analysis, journey mapping, user flows, wireframing, prototyping, usability testing, and user acceptance testing. Used data and AI tools to explore, test, and refine solutions quickly.

Interaction & Visual Design

- Designed clean, responsive experiences across web and mobile. Built and scaled design systems that support consistency, efficiency interfaces.

Collaboration

- Worked closely with Product, Engineering, and Marketing in Agile teams. Led critiques and reviews to align teams and move quickly.

AI Tools & Software Proficiency

- Experienced in Figma, Adobe, Jira, and AI tools (Claude, Figma Make, Replit, HeyMarvin, Contentsquare...) for research, ideation, and rapid prototyping.
